SATC BRAND LOGO

The stacked primary logo is preferred for SATC branded collateral. The mono reverse logo in red binding box should be used when applied to full-colour collateral. The mono reverse version in black binding box should only be used when red is not an option. The correct version of the mono reverse logo has a grey tip for Queensland - ensure this is the only version used.

INTERSTATE / INTERNATIONAL

INTRASTATE

LOGO APPLICATION

The primary logo should always be positioned in the bottom left of the artwork.

The distance from the left edge of the artwork to the logo should be $\frac{1}{3}$ the width of the red binding box.

The primary logo must never appear on other parts of the artwork, it must always be located in the bottom left.

When the SATC sponsor an event or provide logos to partners for use in their brand style, the stacked Brand Logo is preferred. Available in vector, CMYK or PMS colours. RGB colour files are also available.

Use 'Adelaide' State Brand logo for all national / international communication material, and 'South Australia' State Brand logo for all intrastate communication material.

Mono and mono reverse logos are the only single colours allowed for usage on any application when production methods restrict the use of full colour.

Mono reverse should be used on all dark colour backgrounds for all applications.

To ensure the logo is given prominence and is easily identifiable, it must be surrounded by clear space and kept free from all other elements.

1.5cm is the recommended minimum size for small print reproduction.

For SATC managed events, the event logo is considered 'primary' and State Brand logo 'secondary'.

When the primary event logo sits with the suite of secondary logos, it must be positioned to the left, bumping the State Brand logo to second position. The hierarchy must be represented from left to right.

COLOUR PALETTE

COLOUR PALETTE

Our primary colours of red, black and white should be used to reinforce the SATC's strong brand identity. To support this, the secondary colour palette can be implemented sparingly where colour differentiation is required. Tints of the primary colours are able to be used, especially to provide contrasts within single colour applications.

TONE OF VOICE

— TONE OF VOICE

South Australia is a curious place: we're immersive, boutique, vibrant and adventurous. It only makes sense that the way we communicate reflects this. We're not your typical holiday destination, so the way we communicate shouldn't be typical either. We inspire curiosity through our writing, enticing readers to dig beneath the surface and discover our internationally-acclaimed food and drink, jaw-dropping landscapes, abundant wildlife, vibrant city life and iconic coastal culture.

PERSONALITY TRAITS

— INTREPID

We're bold when we write, taking our readers with us to the frontline of the action. We make sure our audience are fully-immersed in whatever experience we're writing about, acting as their evocative tour guides.

INQUISITIVE

We raise questions when we write, piquing our readers' curiosity and enticing them to find out more.

INTELLIGENT

We're smart when we write, mixing useful travel information with thought-provoking and entertaining prose. Intelligent writing does not mean bombarding readers with facts and figures.

INSPIRING

We aim to inspire with our writing, bringing South Australia's remarkable experiences to the forefront of our readers' minds. We're descriptive, engaging, accessible and inclusive.

EXAMPLE COPY

— FLOAT IN A HOUSE. WITH NO FIXED ADDRESS?

Take your sweet time as you drift along the Murray River. By day, meander past limestone cliffs, stop off for a drop of local gin and find your new favourite watering hole just in time for the sun to go down. Then, once night falls, rest your head in boutique accommodation or camp under the stars to truly reconnect with nature on the Mighty Murray Way road trip.

FACT SHEETS

WELLNESS TOURISM

FACT SHEET

SOUTH AUSTRALIA
GOVERNMENT

SOUTHAUSTRALIA.COM | REWARDS WONDER

PRODUCED 2021

WHAT IS WELLNESS TOURISM?

For the purpose of this fact sheet 'Wellness Tourism' is defined as travel for the purpose and pursuit of maintaining and enhancing one's personal health and wellbeing.

Consumers of Wellness Tourism enjoy experiences associated with healthy lifestyles, spirituality, lifestyle, physical health and fitness. These experiences can be cultural, educational and/or recreational. Wellness Tourism is an integral part of the tourism industry and is a destination they are visiting for other purposes (Secondary Wellness Tourism). These consumers or 'Wellness Travelers' are generally more motivated by a desire to fulfil a sense of purpose, accelerate personal growth, or an opportunity to help others.

Wellness Tourism experiences may include but are not limited to:

- Day spa offerings to a spa or fully inclusive retreat packages (e.g. massage, fitness, thermal bathing, gourmet food/beverage).
- Detox, personal coaching, naturopathy, and other specialist health treatment programs.
- Mind/body intervention courses (e.g. yoga, meditation, Tai Chi).

Recreational activities that enhance health and fitness (e.g. hiking, kayaking, group fitness training).

Yoga, fitness, team-building and stress management to unwind and connect with nature (e.g. spas/beaches, parks, golfing, swimming, water motors).

Agrotourism (e.g. cooking classes, produce farm tours, gardens to enjoy dining).

Academy and farm-based lifestyle learning programs, incorporating cultural presentations and food/beverage education.

Accompanying spiritual retreats and indulgence of learning.

Activities which foster a deeper sense of connection, be it with other travellers, oneself, friends and family, and/or the environment.

Going back and embracing (e.g. vegetation restoration, animal welfare support, community support programs).

These activities may include, but are not limited to, a range of accommodation options including eco-lodges, farm stays, glamping and eco-houses, dedicated health/spa facilities, retreats, and boutique all-inclusive resorts.

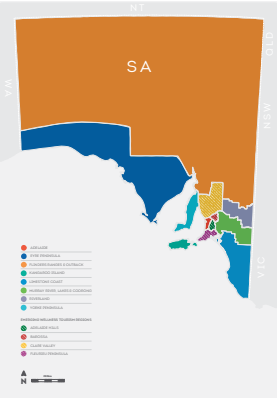

WELLNESS TRAVELLERS

The Wellness Tourism market segment is diverse and has evolved from the typical day spa or health retreat visitor of yesteryear. Many Wellness Travelers are searching for transformative and engaging experiences that ultimately result in a sense of empowerment and personal growth.

Wellness Travelers are typically more affluent, better educated, and more experienced travellers. They are early adopters and willing to try new or novel experiences and activities that are in alignment with the wellness industry. Wellness Travelers are more likely to be motivated by fulfilling a sense of purpose, personal growth, going, and helping others.

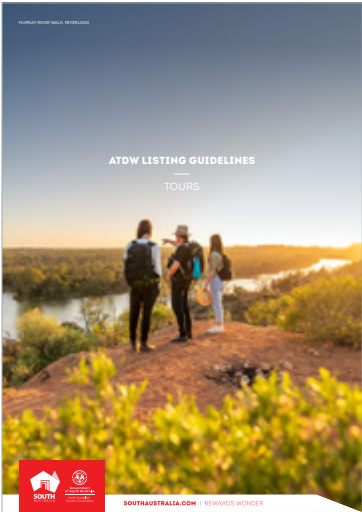

THE WELLNESS TRAVELLERS

WEBSITES AND URLS

Add the website URL to take customers directly to your website on booking platforms.

- Website URL should direct customers to your website's homepage.
- Booking URL should be a direct link to your booking page or to booking information.

Please check all URLs are complete and working prior to submission.

SOCIAL ACCOUNTS

- Tick only social accounts your business is available on.
- Add the relevant information to the applicable field when it appears.

Optimisation Tip: Including your social media accounts is a great way to get customers to connect and engage with your business. Travelers often refer to social media to read reviews and see pictures of other travellers enjoying an experience. Try to capitalise on this as it is shared to other more information and discover the true experience of your tour!

INTERNET ACCESS

- Tick the relevant internet access that is available on your tour for visitors to use.
